## Wakool off allocation water access to end Sunday 10 August

The NSW Office of Water has extended off allocation water access by one day at the Wakool Canal Offtake.

Customers are therefore advised that the last full day of off allocation water access will be Saturday 9 August. Water deliveries beyond this day will be accounted as on allocation water.

**If customers do not want to continue irrigating with on allocation water, they must place a finish order for operating outlets before 6.30am on Sunday 10 August.**

Off allocation water is not currently available at the Mulwala offtake.

For further Information, please contact reception on T. 1300 138 265.
