Murray Irrigation

Water ordering system – telephone ordering

Murray Irrigation wishes to inform customers of a technical issue that may currently be experienced when using the telephone *Water ordering* system.

The technical issue does not appear to be affecting all customers and web ordering is not affected.

If customers are having difficulties placing an order via the telephone ordering system, they are advised to call reception on T. 1300 138 265 and ask to speak to a Planner.

If calling out of business hours, simply leave a message with your water order details which will be sent directly to Planning staff, and a Planner will either place your order for you, or return your call prior to 6.30am. Please provide as much information as possible when leaving a message.

Murray Irrigation has extended the working hours of our Planning staff to support this technical issue.

We apologise for any inconvenience caused.

Jennifer McLeod
Acting Chief Executive Officer
