

Allocation announcement

Monday 2 February 2015

Murray Irrigation

The NSW Office of Water today announced a one percent increase in the general security announced allocation taking the announced allocation to 53 percent in the NSW Murray.

As a result of this increase Murray Irrigation's announced allocation is now 53 percent for general security (Class C) entitlement customers.

The Office of Water confirmed that trade into and out of the Murrumbidgee valley is open while trade into and out of the Lower Darling is closed. The trade restriction across the Barmah choke is operating, meaning there is no net trade downstream of the choke.

The next allocation announcement will be on Monday 16 February 2015.
