Murray Irrigation

Sale of Goulburn Valley environmental water

The Commonwealth Environmental Water Holder has decided to sell 20 GL of temporary water (regulated allocations) held in the Goulburn river catchment, using a competitive tender process.

The tender is open to allocation entitlement holders across the southern Murray-Darling Basin where allocation sold from the Goulburn catchment can currently be traded within State trading rules.

The tender will open [at 10am on Monday 26 October 2015](#) and will close [at 3pm on Wednesday 28 October 2015](#) (AEDT).

Interested parties will be able to submit bids nominating the volume they wish to purchase and the price they are willing to pay. There will be a minimum bid size of 30 ML. This will facilitate efficient processing of bids whilst enabling small irrigator enterprises to access the trade.

Murray Irrigation is considering the opportunity this tender provides and may submit an application with a view to provide benefit to our customer shareholders if successful.
