

# Special Talking Water

Tuesday 25 October 2016

Murray Irrigation

## Update to the 2016/17 fees and prices

In accordance with the *Water Charge (Infrastructure) Rules*, Murray Irrigation has updated its 2016/17 fees and prices schedule to include the fee for participation in the Water Offer announced on Friday 21 October 2016.

The addition of the Water Offer fee is included under 'Discretionary fees' and is the only change to the schedule of charges. There has been no change to any other Murray Irrigation fees listed.

Murray Irrigation has also provided an addendum to the 2016/17 information statement to outline forecast revenue from the Water Offer.

The Water Offer fee will only apply to customers who lodge an Expression of Interest (EOI) by 1pm Wednesday 2 November 2016 and will be charged per megalitre distributed at the close of the assessment process on Tuesday 8 November 2016.

Both the addendum and the new Schedule of Charges are available on the Murray Irrigation website under 'Customers' then 'Fees and prices'.

To request a copy of the Schedule of Fees and the addendum to the information statement, contact Customer Support on T. 1300 138 265.
